

Why Join CharterGroup?

CharterGroup is an alliance for firms of Chartered Accountants. However, unlike other professional organisations we were created for accountants, by accountants, which is why we understand the ever-changing needs of our profession.

Our philosophy

Our primary goal is to support the growth of small and medium-sized firms through 'community support' and the development of relationships with like-minded people.

Joining CharterGroup means that you will have access to best practice, ideas, support and expertise that is difficult or simply not cost or time effective for independent firms to be able to obtain, allowing you to provide the best service to your clients and maintain the highest of standards of technical competence, whilst observing the highest professional and ethical standards.

Discover how CharterGroup supports independent firms like yours through our shared philosophy. At its heart lies not only a network of excellence but also a strategic framework underpinned by five key pillars: Profile, People, Productivity, Protection, and Power of Many. These elements form the foundation for growth, resilience, and long-term success.
